**Rev: A**

### **Edwards Lifesciences Environmental Policy**

Edwards Lifesciences is committed to providing environmental excellence in our operations and meeting the environmental obligations of our customers, stakeholders and regulatory agencies.

We will establish an Environmental Management System designed to evaluate our impact on the environment, adopt objectives to prevent pollution, reduce our carbon footprint and continuously improve our efforts to enhance our environmental performance.

The Environmental Policy shall be communicated to employees, contractors and other persons working under the direction of Edwards. The Environmental Policy, objectives and performance shall be made available to stakeholders and the public as appropriate.
